hi Celtiberos.

Is it possible you to write a brief presentation of Celtibero for Lordz forum - NTW3 Clans topic we plan to prepare.

"Anything" you like. Maybe a brief Celtibero/Spain history, your clans computer games, your clan leader, members, ranks if you have, your view on ntw3 and lordz community, maybe your clans code of conduct and/or objectives, what kind of requirements needed to join your clan etc. no limit or restrictions, i ll just add your clan links (forum and steam and your clan avatar).

gl,

you can pm me on this forum, reply to this post or mail me.
